Expiration date 04/30/2002	04 / 2002 <small>month year</small>	07 / 2002 <small>month year</small>

Reason for emergency extension request		
We have submitted revised versions of the combined FFEL/Direct Loan discharge application forms to the Federal Register		
for the 30-day public comment period. However, the currently approved Loan Discharge application forms will		
expire before we will be able to make further revisions to the forms based on any additional public comment and		
obtain OMB approval of the revised forms. We are requesting a 3-month extension on the current discharge forms		
to provide us time to review any public comments that we receive during the 30-day public comment period		
and to allow institutions time to phase-in the new application forms.
